CHITALDRUG DISTRICT BOARD RAILWAY DEBENTURE BOND

23) The marginally noted three bonds relating to the above loan were pending in this office on 22nd July 25. The bond and the ad-interim order pertaining to No.1 have been returned to the President, District Board with this office letter No.164-5/SL. dated 21st July 1925 for retransmission with certain particulars. A crossed cheque for items wrongly credited to Distric Funds, in which credits relating to Nos.2 & 3 were als included, was received in the Treasury from the President, Chitaldrug District Board on 27th June 25 and th bonds after receipt of the Treasury accounts were countersigned on 23-7-25 and returned. There are no other bonds pending in this office. In this connection it may be stated that before returning the bonds to the President countersigned by the Comptroller, the office has to verify with the credit statements the amounts credited into the treasury. In many instanc the receipts are misclassified and credited to Distric funds (Chitaldrug District) and are therefore omitted to be included in the Treasury credit statements sent to this office. In every case received in this offic a few items of credits were always found misclassified

in the Treasury accounts and the Treasuries had in the first instance to be consulted as to the head under which the respective credits were included (copies of the same being at the same time forwarded to the President, Chitaldrug District Board) and on receipt of their replies the President, in almost all the cases, had to be requested to issue a crossed cheque for the amounts wrongly credited to District funds. The credit of these crossed cheques to the proper head "Chitaldrug District Board Railway Debenture Loan" had to be watched in the Treasury accounts before countersigning the bonds. I had very recently sent an Accountant to the District Board office, Chitaldrug to verify credits to this loan and reconcile the figures in the District Board accounts with their ledger figures. It is understood that the connected accounts were not correctly maintained. Necessary instructions have since been issued.

Board was willing to the levy of one anna cess for railway purposes and also to Marikanave by taxing the lands under the High Level Channels of the reservoir heavier requiring them to pay 8 annas per acre more than the lands under the old channels. Regarding the one anna cess proposed by Hiriyur, he was of opinion that it should be levied only for a short time and reduced to 3 pies thereafter. He was of opinion that the most equitable plan would be for Government to finance and work the Railway for about 4 or 5 years the contribution from the District Board being shown as a contribution and the District Board be freed from all financial responsibilities during the period. At the e of the period, the question, what portion of t cess should be retained, can be decided accord ing to the result of working. The one anna c may be reduced proportionately as soon as the Section from Chitaldrug to Hiriyur pays more than 4 per cent or even without this if the Go ernment are able to tax all the wet lands unde Marikanave for another 5 years.

7 This was followed by his letters dated the 17th January 1912 and 9th March 1912 pressing for the extension of the line to Hiriyur as t land owners would be willing to pay additiona 8 annas per acre as they prefer starting construction. He requested early orders on th levy of cess from 1912-13 on all items of re that now pay 1 anna cess for a metre gauge r way. In his D.O. dated the 20th March 19

9 With reference to this, the Offg. Deputy Commissioner (Mr. Matthan) inhis letter No.464-5 dated 24th May 1913 stated that the District Boa resolved (1) that it is desirable to extend the line to Hiriyur; and as the Railway Cess of 3 - pies will be sufficient to provide for interest and sinking fund, Government be moved to modify the Bill before the Legislative Council to allow the cess being levied at a rate not exceeding on anna in the rupee; (2) that as narrow gauge wil be sufficient, Government may reconsider the que tion of gauge, (3) that prospectus be issued wit the permission of Government for raising funds.

10 Meantime, the sanction of Government of Ind for the construction of a metre gauge line at ar estimated cost of Rs.854082 was received. The matter being ~~considered~~ communicated to the Boar the Board were of opinion that it could finance the construction of the railway if it is made of the narrow gauge, but on their being informed tha the concession laid down in Government Order No 4932-81/G.F.163-13-1 dated 22nd April 1914 would be applicable even to the metre gauge line, the Deputy Commissioner in his letter No.2280 dated 23rd September 1914 informed that the Board con dered the raising of the required capital by le debentures was not practicable & the amount ma be advanced to them by Government as a loan at interest and that the 6 pies cess should be le for the purpose of meeting the interest and sinking fund for repayment of the loan.

The prospectus also laid dow that after the line has begun to yield a return of more than 5 per cent on the capital outlay, half of the surplus profits accruing to the - Board's share may be distributed as bonus among the debenture holders, the other half being retained by the Board as the nucleus of a sinking fund. The loan was also made payable at calls The prospectus further laid down that on failur to pay the further instalments called for, the amounts already paid will be liable to be forfeited to the District Board. As regards work ing, recoupment in loss against interest charge creation of a sinking fund etc., the principles enumerated in G.O. 16 During 1916-17 a sum of Rs. 2,48,295 was s scribed for by the public towards which - Rs. 57,162-8-0 were actually collected. Para 55 of G.F.File No.31 of 1922.

A loan of Rs.9/- lakhs was floated by the Chitaldrug District Board for the line between - Chitaldrug and Chickjajur. The amount actually subscribed is about a lakh and a half. As, however, this line was made a State line, the money remains in deposit with Government. The repayment of this loan falls due in 1949. It is a 5 per cent loan and it is not desirable to repay it until the full term of currency is over. Interest and repayment of - principal are both guaranteed by Government and - neither present any difficulty, as the rate of - interest is only 5 per cent and the proceeds of the loan itself are available for the discharge of the debt.

This office has also been making strenuous efforts to trace the wrong credits with a view to facilitate the earl issue of bonds.

Sir,

With reference to your D. O. letter No. L. 2097 dated 15th September 1925 requesting to be furnished with certain information relating to the Chitaldrug--Chickjajur Railway Loan, I have the honor to state that as per accounts of this office, a sum of Rs 1,57,647-11-6 has been collected up to date towards the Chitaldrug--Chickjajur Railway Loan since the date of Government order No. 732-4 L.B. 37-15-6 dated 22nd July 1916 sanctioning the loan and a sum of Rs 31,634 has been incurred from the Railway cess funds on account of interest paid to the several subscribers up to the end of 1924-25. The entire interest charges borne by the Board yet remain to be reimbursed by Government in accordance with Government order No. L. 3714-17 L.B. 99-23-2 dated 20th November 1923. The interest due to the several subscribers for the half year ending December 1924 has been fully paid up and that for the half year ending June 1925 has been paid in a majority of cases.

No sinking fund has been provided by the District Board towards the liquidation of the loan, as the Railway was treated as a Government line and the amount of loan already collected by the Board was ordered to be utilised towards the construction of the Chickjajur--Chitaldrug Railway in Government order No. R.S. 498-503 Ry. 88 G 21-22 dated 12th August 1921.

Secretary to the Government of Mysore,
Local and Legislative Departments.

Sir,

In continuation of this office letter No.3143/SL. dated 5-3-26, intimating that the President, Chitaldrug District Board has sent in a statement for Rs.31,500/- being the amount of interest paid by him towards interest on C.C.Railway Loan and in reply to your reminder No. L.6621 dated 27-4-1926, I have the honour to state that the statement sent up by the President is for refund of amount of interest paid in the treasuries and subsequently repaid to Government by the President by issue of crossed cheques debiting the charges to the District Funds. The statement includes charges incurred from 1919 to end of 1924-25. As it has been ordered by Government in their order No.L.3714-17 LB.99-2 -2 dated 15-11-1923 that interest charges borne by the Board have to be reimbursed, it has become necessary to see whether the payments for which refund has now been claimed relate entirely to interest on the C.C.Railway Loan alone and therefore interest vouchers have been called for and a major portion has been verified. On completely verifying the correctness of the claim which relates to payments from 1919 onwards, necessary adjustment will be made under advice to Government.

I have the honor to be,
Sir,
Your most obedient servant,

For Comptroller.
